2018 RTV Diesel KuBota 1100 has appx 1600+ hours. It has a hydraulic dump bed , with COLD AC, heat, power steering, wiper blade, headlights, cab lights, wide view mirror (view on both sides of the road), horn, enclosed cab PTO with hydraulic hookups. KuBota runs great. There aren't any issues that are known to the seller. One issue was bushings in the front end. The bushings have been replaced.

This is a powerful mudder and mountain climber. I became a RTV Diesel fan after the experience with RTV 1100 Diesel.

Reason for selling is that my legs are too weak to keep the transaxle engaged. I have had 7 spine surgeries , 4 in 2022. But, I became able to walk versus wheelchair bound.

Asking \$13000, but willing to negotiate until I lose money on the sale. No trade-ins offers will be accepted. ph: 2565201185 text/voicemail/voice; email [rrw.webb@gmail.com](mailto:rrw.webb@gmail.com) My preference is text/voicemail/email. I take naps and turn off my phone. If i miss your call i will get back to asap.
